Christmas Break Begins!

LA

We are hoping to begin our next writing assignment next week which consists of retelling the Nativity story from another perspective (e.g. the donkey, the star, the manger, etc.).

In Literature Circles, students should work hard to finish reading their 1st book this week so they can start on their 2nd book if they haven't already. We hope to wrap up this unit mid-December and introduce the next unit before Christmas break.

Math

Next week's fun facts check-in will focus on the six times table. Make sure to study these with your child. You can use the links on the Math Resource section of the class website. Here is the order we will follow over the next five weeks: 6x, 7x, 8x, 11x, 12x.

Our new math unit focus is multiplication and division. We'll begin this unit by reinforcing what was learned last spring.

Unit Studies

The Science projects are due next week, Nov. 23-26. I am looking forward to seeing how your child chose to work with simple machines! Each student will have an opportunity to present the project in class. Those with compound machine projects can read through their report (10-15) sentences. Those who chose the simple machine playground blueprint can use their written explanation of how each simple machine was incorporated into the playground. Please ask if you have any questions.

We will continue to learn more about the geography and First Peoples of Canada during our unit studies classes. Between now and Christmas the students will be making a Google slide presentation to communicate what they have learned. Google slides, like Google Docs, can be worked on from home and school through each child's Google account. They are welcome to progress on their Google projects from home, but I will make it clear if that is required/essential.

Bible Memory Verses

BMV Catch-Up & Bonus

Use this time to get caught up on missed verses, re-do verses to improve marks, or work on the Bonus passage (Isaiah 53:2-9) to earn a 4 for Bible Memory on the report card.

Students will also be expected to complete their BMV project during this time. The project consists of creating a children's storybook based on John 1:1-18.

Our term 2 BMV is Psalm 108: 1-18. The first two verses are due Dec. 3.
"You have searched me, Lord, and you know me. You know when I sit and when I rise; you perceive my thoughts from afar."

6x

$6 \times 0 = 0$

$6 \times 1 = 6$

$6 \times 2 = 12$

$6 \times 3 = 18$

$6 \times 4 = 24$

$6 \times 5 = 30$

$6 \times 6 = 36$

$6 \times 7 = 42$

$6 \times 8 = 48$

$6 \times 9 = 54$

$6 \times 10 = 60$

$6 \times 11 = 66$

$6 \times 12 = 72$
