Math

Our next math unit is on fractions and decimals. So far we've reviewed fractions, introduced equivalent fractions, and learned a fraction war card game. In this game students flip over two cards, arrange them as a fraction with the lower number on top and compare values. This is difficult because they usually have different denominators. If you'd like to check your child's understanding of fraction value you could ask them to teach you this game.

Mexico

We'll be praying for the grade 10 and 11 students who are travelling to Mexico later this month. Each crew has a different group of 2-3 students to connect with and pray for. This morning we watched videos of our assigned students. They each shared what they are looking forward to and what they're worried about.

Bible Memory Verses

Review Week!

Shout for joy to the Lord, everyone on earth.
 Worship the Lord with gladness.
 Come to him with songs of joy.
 Know that the Lord is God.
 He made us, and we belong to him.
 We are his people.
 We are the sheep belonging to his flock.
 Give thanks as you enter the gates of his temple.
 Give praise as you enter its courtyards.
 Give thanks to him and praise his name.
 The Lord is good. His faithful love continues forever.
 It will last for all time to come. Psalm 100: 1-5
