April 16 - Guest Speaker Joan Reenders, puberty

April 17 - No School, PD Day

April 18- Calvin Banquet,

April 22 - Spring Concert

April 27 - Guest Speaker Jorie Janzen, Nutrition

Math

Your children have done an outstanding job with fractions! This week we have converted fractions to decimals to the one thousandths place. We also interpreted remainders into fractions and decimals. It's so much fun! Next week we'll complete the unit and a review. I've tentatively scheduled the math test for Tuesday, April 21.

Family Heritage Project

There are 2 pieces of our family heritage projects that we need help from home to complete. Could you please assist your child to interview an ancestor (grandparent, parent, aunt or uncle) and fill in the family tree? There are papers for each that came home with your child today. Everything needs to fit inside a duotang, so the family tree should be done on the paper I sent home or on a different 8.5 x 11 paper. Families don't always fit nicely onto the traditional flow chart, so feel free to grab a blank paper and help your child fill in the details with a layout that works well for your family.

Bible Memory Verses

BMV due Thursday, April 23

Suppose I speak in the languages of human beings or of angels. If I don't have love, I am only a loud gong or a noisy cymbal. Suppose I have the gift of prophecy. Suppose I can understand all the secret things of God and know everything about him. And suppose I have enough faith to move mountains. If I don't have love, I am nothing at all.

1 Corinthians 13: 1-2
